

VIP Bale hook VBMHWA-10

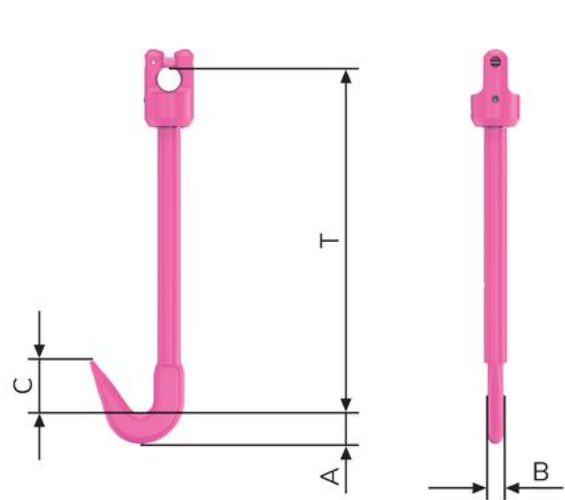

Artikel-Nr: 7989017

With a revolving swivel connection for the 10 mm VIP chain. The flattened back of the hook simplifies the horizontal insertion of the hook into the bales. **Only bundled bales should be transported and avoid hooking into bundled packages.** Inappropriate for overhead lifting! When using Bale hooks, special attention must be paid and a risk assessment must be carried out before using. Connecting bolt and tensioning sleeve are pre- assembled.

VIP Bale hook VBMHWA-10
