

ICE-Self locking hook IAGH-6

Artikel-Nr: 7900085

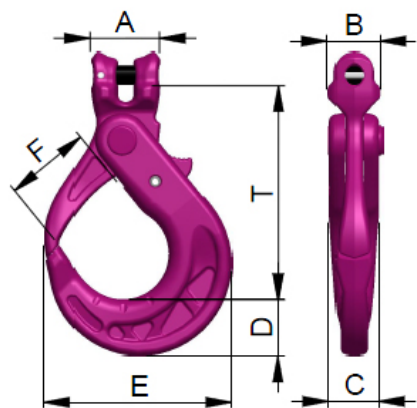

ICE-AGH – Applicable up to -60°C

- Due to innovative structure design up to 30% lighter in weight compared to a Grade 80 automatic hook of the same WLL, of the next bigger chain size
- Large width of hook identical to the next bigger chain diameter-- here we did not save material.
- Ergonomic designed locking lever, user friendly and with a anti-slip surface.
- Wear ribs, for the protection of the first chain link
- Thickened tip of hook, avoids dangerous tip loading
- Approved markings for the inspection of the mouth (often copied)
- Patented wear marks, which show without measuring the by law required replace status.

ICE-Self locking hook IAGH-6
