

VIP-Mini-lifter VML-2-4 with shortening device

Artikel-Nr: 7984478

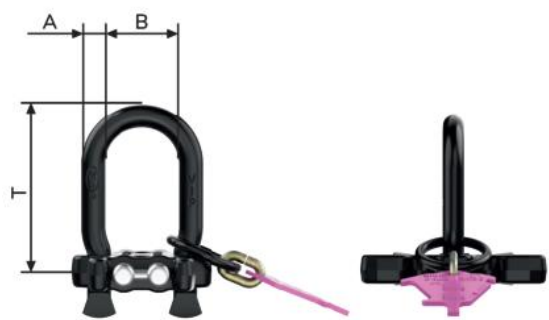

Master link with an integrated shortening option specially developed for the 4mm VIP lifting chain. Can also be used as a single leg (VIP - Endlink 7990215 assembled at the end of the chain sling as a stop device). With the pressing of the locking bolt the chain crucifix is freed and the chain can be mounted and respectively be adjusted to the desired length. Ideal for small loads up to 880 kg (in a 2- leg application).

VIP-Mini-lifter is marked by the RUD-ID-TAG® (RFID chip) and with the clear identification number distinguished.
