

1650 lumens

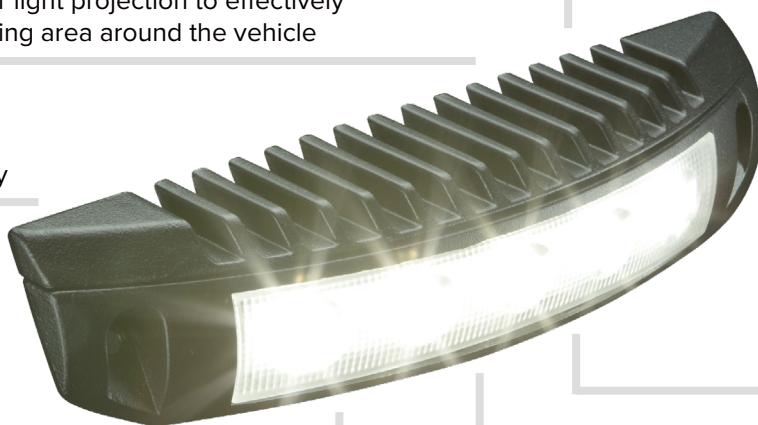

Waterproof - IP67

Wider and brighter light projection to effectively highlight the working area around the vehicle

Extended warranty

ECE-R10 approved

Long life, high intensity LEDs

Robust design & solid aluminium casting

Curved light projections

By pre-bending the aluminium PCB, the LEDs provide improved light distribution for a better-lit working environment.

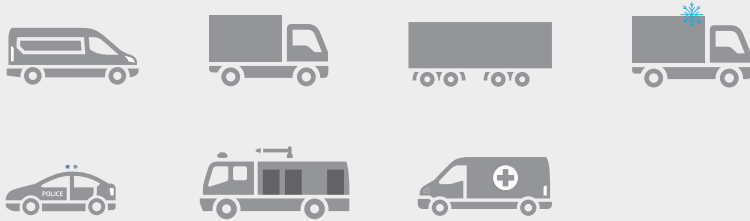

10-YEAR FIT AND FORGET PROMISE FOR YOUR PEACE OF MIND.

All Labcraft lights are designed and manufactured in the UK, guaranteeing full quality control and consistency. The Si7 comes with a free 10-year extended warranty as standard.

*Warranty period may be affected or void if the light is used outside of its intended application, voltage or environmental specifications. Terms and Conditions apply.

VEHICLE APPLICATIONS

For application guide go to page 60.

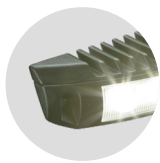

WHAT OUR CUSTOMERS SAY

“ The nature of the specialist work carried out by our customers dictates the very highest quality and performance regarding every aspect of each vehicle we provide. We selected the Labcraft Si7 Scenelite because they match the high-spec’ safety criteria our customers demand. ”

- Jason Grigg, BT-HS

A guide to RAL colours

In the UK, emergency services utilise RAL colours to standardise their vehicles and equipment for quick identification and enhanced safety. RAL colours provide a consistent and recognisable palette for police, fire, and medical services. For instance, fire vehicles often feature RAL 3000 (Flame Red), while ambulances may adopt RAL 1016 (Sulphur Yellow).

PRODUCT	PART NO.	VOLTAGE	WATTS	CURRENT	LUMENS	DIMENSIONS	COLOUR	FIXING CENTRES
Si7	Si7_5-3MV	10-32V	15W	12V @ 1.25A 24V @ 0.6A	1650lm	230 x 63 x 36mm	Black	200mm
