

ICE-Mini-lifter IML-2-4 with shortening device

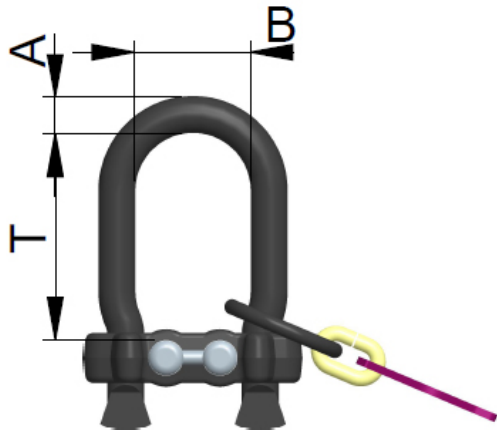

Artikel-Nr: 7905075

Master link with an integrated shortening option specially developed for the 4mm ICE lifting chain. Can also be used as a single leg (ICE - Endlink 7905039 assembled at the end of the chain sling as a stop device). With the pressing of the locking bolt the chain crucifix is freed and the chain can be mounted and respectively be adjusted to the desired length. Ideal for small loads up to 1120 kg (in a 2- leg application).
